

SupportGPT — Service Warranty & SLA

Uptime commitments, service credits, and support response guarantees

Uptime Guarantee

SupportGPT guarantees 99.9% platform uptime, measured monthly. Uptime excludes scheduled maintenance windows, which are announced at least 48 hours in advance via email and the status page.

Service Credits

- 99.0% - 99.9% uptime: 10% credit on next month's invoice
- 95.0% - 98.9% uptime: 25% credit on next month's invoice
- Below 95.0% uptime: 50% credit on next month's invoice
- Credits must be requested within 30 days of the incident

Data Backup Warranty

All conversation and account data is backed up continuously with point-in-time recovery available for the last 30 days. In the unlikely event of data loss due to a platform failure, we guarantee restoration within 24 hours.

AI Response Accuracy

While our multi-agent AI system is designed to provide accurate, helpful responses grounded in your uploaded knowledge base, AI-generated responses should be reviewed for critical business decisions. SupportGPT is not liable for actions taken solely based on AI-generated output without human verification.

Support Response Time by Plan

- Starter: 24-48 hour email response time
- Pro: 12-24 hour priority response time
- Business: 4-8 hour priority response time
- Enterprise: 1-hour guaranteed response, 24/7, via dedicated account manager

Exclusions

This warranty does not cover downtime caused by: force majeure events, customer-side network issues, third-party integration failures outside our control, or violations of the Acceptable Use Policy.

Filing a Warranty Claim

To file a claim for service credits or report a warranty issue, contact support with your account email, the affected date range, and a description of the issue. Claims are reviewed within 5 business days.
