

NovaTech Solutions — Frequently Asked Questions

Common questions about orders, devices, and your NovaTech account

What is NovaTech Solutions?

- NovaTech Solutions designs and sells smart home devices, wireless accessories, networking equipment, laptops, tablets, and security cameras
- All devices connect through the NovaTech Home app for unified control

How do I track my order?

- Check Order History in your account, or ask this chat with your order number
- Tracking links are also emailed once your order ships

What is your return policy?

- 30-day returns on most items in like-new condition with original packaging
- See the full Return & Refund Policy document for exceptions and restocking fees

Do your devices work with voice assistants?

Yes. Most NovaTech devices support Amazon Alexa and Google Assistant voice control. Enable this under Account > Connected Services in the NovaTech Home app.

What Wi-Fi do I need?

Most NovaTech devices require a 2.4GHz Wi-Fi network for initial setup. Our mesh routers broadcast both 2.4GHz and 5GHz bands for whole-home coverage.

How long is the warranty?

Warranty periods range from 1 to 2 years depending on the product category. See the full Warranty document for details, or ask about NovaTech Care+ extended protection.

Can I install smart locks myself?

Yes, most LockGuard installations take 15-20 minutes with basic tools. See the Installation Guide for step-by-step instructions, or ask about professional installation availability.

How do I contact support?

- This chat platform is available 24/7 for orders, technical issues, and general questions
- Email: support@novatechsolutions.com
- Phone: 1-800-NOVA-TECH (business hours)
