

NovaTech Solutions — Return & Refund Policy

Effective for all purchases made through novatechsolutions.com and authorized retailers

30-Day Return Window

Most NovaTech products can be returned within 30 days of delivery for a full refund, provided the item is in like-new condition with all original packaging, cables, and accessories included.

Condition Requirements

- Item must be free of physical damage and excessive wear
- All original accessories, manuals, and packaging must be included
- Software/firmware must be reset to factory defaults before return
- Security devices (locks, cameras) must be unpaired from your NovaTech account

Restocking Fees

Unopened items are refunded in full with no restocking fee. Opened items that are otherwise in resellable condition are subject to a 10% restocking fee, deducted from the refund amount.

Non-Returnable Items

- Smart door locks that have been installed and had access codes configured
- Items marked 'Final Sale' during clearance promotions
- Gift cards and NovaTech Care+ extended warranty plans once activated

How to Start a Return

Initiate a return through this chat platform by describing your item and reason for return, or from your Order History page by clicking 'Return Item.' You will receive a prepaid return shipping label for standard returns within the US.

Refund Processing Time

Once your returned item is received and inspected, refunds are processed within 3-5 business days back to your original payment method. It may take an additional 2-7 business days for the refund to appear on your statement depending on your bank.

Defective or Wrong Item Received

If your item arrived defective or incorrect, contact support immediately for a free replacement or full refund, including return shipping costs — no restocking fee applies in these cases.
