

NovaTech Solutions — Shipping Policy

Shipping methods, timelines, and costs for orders within and outside the US

Shipping Methods & Timelines

- Standard Shipping (5-7 business days): Free on orders over \$50, otherwise \$5.99
- Expedited Shipping (2-3 business days): \$12.99
- Overnight Shipping (1 business day): \$24.99, order by 2 PM ET for same-day dispatch

Order Processing

Orders are processed and dispatched within 1 business day of purchase, excluding weekends and holidays. You will receive a confirmation email with tracking information once your order ships.

International Shipping

NovaTech ships to over 30 countries. International orders typically arrive within 10-15 business days. Customers are responsible for any customs duties or import taxes charged by their country upon arrival.

Order Tracking

Track your order anytime from the Order History page or by asking this chat platform for your order status — just provide your order number.

Delayed or Lost Packages

If your package has not arrived within the expected delivery window, contact support with your order number. For packages lost in transit, we will send a free replacement or issue a full refund after a carrier investigation, typically resolved within 5-7 business days.

Damaged Items on Arrival

If your package arrives visibly damaged, take photos of the packaging and item before opening further if possible, and contact support within 48 hours of delivery for an expedited free replacement.

Address Changes

Shipping addresses can be changed within 1 hour of placing an order by contacting support. Once an order has entered processing, the address cannot be changed and the package must be redirected through the shipping carrier directly.
