6. Smart Device Requirements

NovaTech smart devices require the NovaTech Home app, a compatible smartphone, and a 2.4GHz Wi-Fi network for setup. Some features (cloud video history, remote access) depend on an active internet connection and NovaTech cloud services. Local core functions such as manual lock operation always remain available.

7. Warranty Disclaimer

Except as expressly provided in the published Warranty policy, NovaTech products and services are provided 'as is.' NovaTech disclaims implied warranties to the maximum extent permitted by law. Nothing in these Terms limits statutory consumer rights that cannot be waived in your jurisdiction.

8. Limitation of Liability

To the maximum extent permitted by law, NovaTech's total liability arising from any product or service is limited to the amount you paid for that product or service. NovaTech is not liable for indirect, incidental, or consequential damages, including losses arising from device downtime or connectivity failures.

9. AI-Generated Support Responses

Support responses on this platform are AI-generated and grounded in NovaTech's published documentation where possible. Responses clearly labeled as general guidance are not official policy commitments. For binding confirmations (e.g., refund approvals outside standard policy), a written confirmation from NovaTech is required.

10. Changes to These Terms

NovaTech may update these Terms with 30 days notice via email and the website. Continued use of NovaTech services after the effective date constitutes acceptance of the updated Terms.

11. Governing Law and Disputes

These Terms are governed by the laws of the jurisdiction in which NovaTech Solutions is registered. Disputes should first be raised with our support team; most issues are resolved within 5 business days without formal proceedings.
