

NovaTech Solutions — Product Warranty

Standard warranty coverage and NovaTech Care+ extended protection

Standard Warranty Coverage

- Smart cameras, locks, and hubs: 2-year limited warranty
- Routers and mesh systems: 2-year limited warranty
- Earbuds and speakers: 1-year limited warranty
- Smartwatches, tablets, and laptops: 1-year limited warranty, battery covered for 12 months

What Is Covered

The standard warranty covers manufacturing defects in materials and workmanship under normal use. This includes hardware failures, defective batteries within the coverage window, and firmware issues caused by manufacturing defects.

What Is Not Covered

- Accidental damage, drops, or water damage beyond the stated IP rating
- Normal wear and tear (scratches, cosmetic wear)
- Damage from unauthorized repairs or modifications
- Products purchased from unauthorized third-party resellers

NovaTech Care+ Extended Protection

NovaTech Care+ extends coverage to 3 years total and adds accidental damage protection (up to 2 incidents per year with a \$29 service fee per claim). Care+ can be added at checkout or within 30 days of purchase, priced at 12% of the product's purchase price.

Filing a Warranty Claim

To file a warranty claim, contact support through this chat platform with your order number and a description of the issue. Our Technical Agent will run through basic troubleshooting first — if the issue cannot be resolved remotely, we will issue a prepaid shipping label for repair or replacement.

Repair vs. Replacement

For issues confirmed as manufacturing defects, NovaTech will repair the item when possible. If a repair is not feasible or would take longer than 10 business days, we will replace the item with the same model or a comparable current model if the original has been discontinued.

Warranty Transfer

Standard warranty coverage is transferable to a new owner if the product is resold, provided proof of original purchase is available. NovaTech Care+ is non-transferable and tied to the original purchaser's account.
